

RALPH PUCCI

Upholstery Fabrics Information Document

Contacts:

Please reach out to your Ralph Pucci sales representative to learn more about the new Ralph Pucci (fabric) collection.

If you do not already work with a sales representative please send an email to info@ralphpucci.net to learn more. Given Ralph Pucci is a to the trade only showroom we require your interior design business card or resale number in order to release pricing information.

Reserves:

Reserves are held for 15 business days.

Shippable Orders:

For a shippable orders Ralph Pucci must be paid in full. All of our goods ship directly from Europe to your ship to address. Upon a shippable order it takes 3-5 business days for goods to be cut, inspected and packaged for shipment. It then will take 2 days to reach our ship to address.

CFA's:

CFA's are cutting from the bolt of goods you have on reserve. Since our items are natural yarns we highly recommend a CFA for each reserve as the dyelot can and will (especially for item Metropolis) vary from the memos you have on hand. CFA's take a week to a week and half to reach your destination from reserve.

Samples:

Please include item name, colorway number, quantity requested and location as to where samples should be sent. Samples are sent via regular mail unless we provided with a UPS or Fed Ex number for shipment.

Composition:

CO= Cotton CV = Viscose LI = Linen PES= Polyester WV: Virgin Wool

Terms and Conditions

Warranty:

1. Variation in color: for technical reasons it is impossible to guarantee a perfect color match between samples and stocked items or between different fabric lots. Whenever a perfect match is needed a CFA is highly recommended.
2. Color with light: Our fabrics are produced according to state of the art manufacturing techniques which comply with requirements of light fastness and environmental regulations. However fading may occur in particular condition or in case of excessive exposure to sunlight or halogen lamps. Therefore we recommend using a lining particularly when making up a silk fabric intended for direct sunlight.
3. From one fabric lot to another, width measurement and repeat may differ slightly from those indicated therefore any such fluctuation within a limit of 3% is considered standard. We advise you to specify the number of repeats required whenever there is a close relationship between yardage ordered and fabric repeat.
4. When using fabric for seating upholstery, velvet fabrics tend to flatten slightly causing the finish to reflect the light differently and produce a shading effect. This is typical and a characteristic of the fabric. Particular care should be taken in storing velvets making sure they are hung and kept in a horizontal position.

Claims:

On receipt of the goods, customers are advised to check the state of the packaging. Should the package arrive damaged, the goods must only be accepted with reserve and the packaging must be kept so a claim can be made with the shipping carrier. No adjustments, returns or credits are allowed due to damage in transit unless reported 48 hours of receipt.

Provided that Ralph Pucci is notified in writing within eight days of delivery of the merchandise of any defect then we will repair or replace free of charge. Ralph Pucci is not responsible for any damages relating to or resulting from misuse, negligence, alteration, staining ordinary wear and tear, natural fading, discoloration, climate, exposure to sun or unusual conditions.

Minimum Order:

The minimum order of fabric is 2 yards. One yard of fabric may be available and require a \$25 cut fee. The cut fee is waived for any fabric purchased over \$200 a yard.

Care Instructions:

-  Machine wash at a maximum temperature of 30C (86 degrees) with special care: run half full; short gentle spin.
-  Hand wash. Dissolve detergent thoroughly in hand-hot water (86 degrees). Special care should be taken (do not rub, pull, stretch or wring out). Hang up immediately.

Delicate hand-washing detergents are recommended for all washable fabrics. The fabric may be washed in a net bag to avoid possible damage. Do not use softeners. Do not tumble dry.

We advise our customers to allow room for shrinkage and to wash the fabric according to our care instructions.

- | | | |
|---|---|--|
|  Do not wash |  Do not tumble dry |  Dry clean using perchloroethylene and trichloroethylene, without adding water; reduced mechanical action and low temperatures requires |
|  Cool Iron |  Do not dry clean | |
|  Warm Iron |  Iron with protective cloth | |
|  Hot Iron |  Iron on reverse side | |
|  Iron without using steam |  Iron on reverse side with protective cloth |  Do not spin |
|  Do not Iron |  Iron on reverse side without steam |  Upholstery fabric suitable for intense domestic use |
|  Do not Chlorinate |  Machine wash professionally |  Press with steam, holding iron away from fabric |
